PROJECTS

Dance_on_music_app   **Project Link**
Aws ec2, Git, GitHub, Docker, Jenkins

- Dance on music app is a static website using html,css & javascript deployed it on Aws server. Jenkins integrated with github through webhook. Jenkins job to automate CI/CD to deploy application on docker container.

Deploy Todo App On Server   **Project Link**
Aws ec2, Git, GitHub, Docker-hub, Docker-Swarm, Docker-Compose.

- Todo App is a dynamic website using Django and react.js In this app 1st we create the image using docker file, then push on docker hub. Through this image created, 3 replica using docker swarm.

  Run the same app through docker compose .yaml file

Deploy Todo App On Serve Using Kubernetes
Aws ec2, Git, GitHub, Docker-hub, Kubernetes

- While deploying this app, we use some specific setup's instance type t2.medium, 2 CPU and 4 GB storage. Further use minikube, kubectl classic, pods, deployment yaml, service yaml, secrets yaml, and configMap yaml .

  In this we reduce replica data which stored in multiple pods through github image, multiple pods have same non confidential data and confidential data.

TECHNIAL SKILLS

Linux   Git and GitHub

Docker   Jenkins   AWS

Kubernetes

PROGRAMMING

Python

SOFT SKILL

Communication Skill

Adaptability   Team Leader

Time Management Skill

Patience   Problem Solving

EDUCATION

Bharti Vidyapeeth Deemed to be University (Pune) **MCA CGPA – 9.1**

Guru Gobind Singh Indraprastha University (Delhi) **BCA CGPA – 7.3**

Rich Harvest Public School (Delhi) CBSE   Board **12th Percentage – 58.8 %**

Rich Harvest Public School (Delhi) CBSE   Board **10th CGPA - 7.0**
